COMMENT	**On manufacturer request the module was also tested consuming TIME, FMStoIP, VEHICLEtoIP from sources implementing specification 2.0.1, 2.1.0 and 2.1.1. The module is able to consume data of all beforehand mentioned versions correctly.**
	Note: Software tests were performend using a PCT1-POE.
	Module manufacturer commits that all mandatory tests compliant for the module configuration tested are the same implemented in all module configurations declared asincluded in the label.
	Module manufacturer shall declare any change impacting the result of one or several tests for each module configuration using the "**declaration of change**" file available on ITxPT documentation center.
